HAVE YOUR SAY AS PART OF THE WORKING PARENTS RESEARCH PROJECT

Researchers from the University of Queensland are looking for working parents to take part in a survey looking at the effects of working life on Queensland children and families. We are particularly interested in Fly-in/Fly-out (FIFO) and Drive-in/Drive-out (DIDO) workers but value and encourage input from all kinds of working parents. The survey will only take around 30-45 minutes to complete. Your involvement will help the field to learn more about the effects of different work circumstances and settings on children and families. Your participation will also assist in developing ways to properly support working parents in the future.

**Are you a working parent?**
**Do you have a child aged between 2 and 12 years?**
**Are you willing to provide 30-45 minutes of your time?**

For further information and to take part in the survey, please visit: [https://exp.psy.uq.edu.au/workingparents](https://exp.psy.uq.edu.au/workingparents)

All participating parents will be eligible to enter a draw to win 1 of 10 $100 Coles/Myer gift cards!

**Does your child suffer asthma or eczema?**

Every day thousands of Australian children suffer the effects of asthma and eczema, and families struggle with illness management and children’s behavioural and emotional adjustment.

Positive Parenting for Healthy Living is an adaptation of the successful Triple P - Positive Parenting Program, offering practical ideas and support for parents of children suffering asthma or eczema. This innovative group program is designed to help parents manage their child’s illness, assist children in coping with their illness and emotions, and prevent and manage difficult child behaviour.

Over the next few months and for a limited time only, parents of 3-10 year old children suffering asthma or eczema are able to access Positive Parenting for Healthy Living Triple P free of charge as part of a University of Queensland research project. Contact Amy Mitchell on (07) 3365 7305 or email healthyliving@uq.edu.au, or visit [www.exp.psy.uq.edu.au/healthyliving](http://www.exp.psy.uq.edu.au/healthyliving) for more information.

**Assessment and Treatment of Fears and Anxiety in Children Griffith University**

Parents, is your child fearful of certain situations or do they seem to experience ongoing feelings of anxiety? At Griffith University, we are conducting a large-scale study for children (7 to 13 years of age) with anxiety that includes a thorough assessment and a novel, home-based treatment using computers and telephone contact from a trained clinician. We are providing this service at no cost to families. To find out more about this project, please contact our team on 07-3735 3418, cadrp@griffith.edu.au.
